

# Mastronardi Residence

Kingsville, Ontario, Canada - Completed 2019

Passa Architects were the Architect of Record for the Mastronardi Residence located on the shores of Lake Erie in Kingsville, Ontario who worked with the Design Architect, Michael Abraham Architecture, from Clarendon Hills, Illinois (Chicago) to design this home. Passa Associates were responsible for all building code related issues having to resolve exiting and construction techniques in conjunction with the Design Architect. Once the final design was resolved Passa Architects sealed the contract documents for building permit and oversaw the construction over a 4 year period while the home was meticulously built by Steve Tiedeman Construction. The luxuriously spacious residence includes an elevator, a large indoor/outdoor Cabana with an adjacent Covered Porch overlooking the lake, a 2 level Master Suite and Office with a spiral staircase, a Craft Room, Exercise Room and a complete Guest Suite along with the traditional but voluminous Family Room, Kitchen, Dining Room, Bedrooms, multiple Laundry Rooms and grand circulation spaces with a number of staircases, large Foyers and Porches.
